A developmental Roadmap for Learning by Imitation
Manuel Lopes, José Santos-Victor
Instituto Superior Técnico - Lisboa, Portugal - vislab.isr.ist.utl.pt

Topics:
Learning by imitation and artificial development

Sensory-motor Coordination
Sensory-motor Maps
Redundant manipulators

World Interaction
near-space mapping
visual control of grasp
object affordances learning

Imitation
task interpretation
view-point transformation
imitation of tasks/gestures

Architecture

Funding: EU IST-2005-004370
